

# UK-Guest

## WI-FI QUICKSTART GUIDE

### How to Connect

- 1** Open your Wi-Fi settings & select **UK-Guest**.
- 2** If its your first time connecting, select **"I don't have a GUEST account."**
- 3** Enter your information to self register.
- 4** Agree to the Acceptable Use Policy (AUP) to be connected.

### Reconnection

To connect another device or reconnect, refer to the credentials emailed or texted to you.

### UK-Guest Group Access

Authorized UK faculty and staff may become sponsors for guest Wi-Fi access. This allows multiple guest accounts to be generated at one time. This is useful for events on campus that require Internet access for all attendees.
